

Critical Illness Insurance

Coverage that helps you and your family have the financial support to pay for some of the expenses of a serious illness that may not be covered by your medical plan.

What is critical illness insurance?

Critical illness insurance works to supplement your medical coverage — and pays in addition to what your medical plan may or may not cover. It's coverage that helps provide financial support when you or a loved one becomes seriously ill. Upon verified diagnosis, it provides you with a lump-sum payment of \$15,000 or \$30,000 in initial benefits. In the event that you or a loved one experience more than one covered condition, the total benefit amount available is 3 times that of the initial benefit amount, which is \$45,000 or \$90,000. The payment you receive is yours to spend however you like.

Q. What's covered under this plan?

A. If you meet the group policy and certificate requirements, **critical illness insurance provides you with a lump-sum payment upon verified diagnosis of these conditions:**

- Full Benefit Cancer¹
- Partial Benefit Cancer¹
- Heart Attack
- Stroke²
- Kidney Failure
- Coronary Artery Bypass Graft³
- Alzheimer's Disease⁴
- Major Organ Transplant⁵
- 22 Listed Conditions⁶ (see your Outline of Coverage for details)

Q. What happens if I have a recurrence?

A. Your plan pays an additional benefit (**Recurrence Benefit**) if a medical condition **reoccurs for:** a Heart Attack, a Stroke, a Coronary Artery Bypass Graft, Full Benefit Cancer, and Partial Benefit Cancer. A recurrence benefit is only available if the initial benefit has already been paid for the covered condition. And there is a benefit suspension period (or waiting period) between recurrences.⁷

Q. Am I eligible to enroll for this coverage?

A. Yes, you can enroll both yourself and your eligible family members.⁸ All you need to do is enroll during the enrollment period and be actively at work.

Q. I have a medical plan at work, so why do I need critical illness insurance?

A. One of the hardest parts of managing illnesses like Cancer, Heart Attack, or Stroke is providing the support and comfort your family needs beyond the cost of care.

Even the best medical and disability income plans can leave you with extra expenses like medical plan deductibles and co-pays or extra costs for out-of-network care. And if you're out of work because of a disability, it might be that only a portion of your pre-disability income is being paid to you. The average family spends thousands of dollars in times of critical illness and recovery.⁹ Many people aren't prepared to handle these extra costs, so having this extra cash lump sum payment may mean less worry for you and your family.

Payments may be used to help pay for expenses generally not covered by medical and disability income coverage.

Critical Illness Insurance

Q. Can I enroll for this insurance without having a medical exam?

A. Yes. Your critical illness coverage is guaranteed,¹⁰ regardless of your health. You need to be actively at work to be covered. There are no medical exams to take and no health questions to answer, so the whole process might be easier than you think.

Q. Are there any other benefits payable under this critical illness insurance plan?

A. Yes. Early detection of a serious illness is important to your recovery. We provide you with an extra \$50 annual benefit per calendar year on top of your total benefit amount when you see your physician for eligible health screenings or prevention measures.¹¹

Q. How do I pay for my coverage?

A. You pay premiums through payroll deductions, so you don't have to worry about writing any checks or missing payments.

Q. How much will it cost?

A. Critical illness insurance may cost less than you think. It's designed to be a way to supplement your health care and disability plans. Exact rates can be found in the enrollment materials provided by your employer.

Q. Are benefits paid directly to me or my health care provider?

A. Benefits will be paid directly to you, not to the doctors, to the hospitals or to any other health care providers. There's no need to coordinate with any other insurance you may have. Benefits are paid no matter what your other insurance plans may cover or pay.

Q. If my employment status changes, can I take my coverage with me?

A. Yes. This coverage is portable, meaning you can take it wherever you go. Your coverage will only end if you stop paying your premium or if your employer offers you similar coverage with a different insurance carrier.¹²
